International application No.
PCT/IB07/51946

Box No. V Reasoned statement under Rule 43 bis.1(a)(i) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1. Statement

Novelty (N)	Claims <u>NONE</u>	YES
	Claims <u>1-4</u>	NO
Inventive step (IS)	Claims <u>NONE</u>	YES
	Claims <u>1-4</u>	NO
Industrial applicability (IA)	Claims <u>1-4</u>	YES
	Claims <u>NONE</u>	NO

2. Citations and explanations:

Claims 1-4 lack novelty under PCT Article 33(2) as being anticipated by Parsons. Parsons teaches providing employer sponsored health, life, and disability insurance benefits to an employee of the organization (page 2 paragraph 0023). Parson further teaches providing replacement benefits for an employee who is working in a different country (page 2 paragraph 0024-0026). Parsons finally teaches calculating replacement benefits based on the country where the employee is located and based on the host country's legal requirements and economic considerations, wherein the replacement benefits are equivalent to that which would have been provided in the country of origin (page 3 paragraph 0039).

Claims 1-4 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed can be made or used in industry.
